About Me

As a recent graduate in Information Technology, I am a dynamic and enthusiastic individual eager to make my mark in the rapidly evolving world of IT. My academic journey has provided me with a solid understanding of systems analysis, problem-solving, and technology management. I thrive in collaborative environments, leveraging effective communication to contribute seamlessly within diverse teams. I'm excited to leverage my fresh perspective, dedication, and insatiable appetite for learning to make meaningful contributions to the IT sector and drive innovative solutions for the future.

Education

Higher Institute of Informatics and Mathematics of Monastir
2020 – 2023

Information and Communications Technology (Internet Of Things)

HIGH SCHOOL HEDI KHEFACHA MONASTIR

2019 – 2020

High School Diploma (Science)

Experience

SUMMER JOB

- In Tunisie Telecom, I thrived in engaging clients and presenting them with offers. My primary responsibility was to initiate calls, showcasing our exclusive promotions, and utilizing my persuasive communication skills to convince potential customers to take advantage of these limited-time deals. I actively listened to clients' needs, addressed objections with confidence.

END OF STUDIES INTERNSHIP

- During my end-of-studies internship at SE ENGINEERING, I developed a meaningful IoT project aimed at assisting individuals with special needs. I designed and implemented a user-friendly system that leverages IoT technology to enhance the quality of life for this demographic. My project allowed for seamless communication and interaction, addressing specific challenges faced by individuals with special needs. I'm proud to have contributed to a project that has the potential to make a positive impact and provide a more inclusive environment for those who need it most.
